

# COMMANDER GTX

Art. No. 214012

**EN ISO 20347:2012 O2 HRO HI CI WR FO SRC**

Color: black, Waterproof leather 2.5 – 2.7 mm thick, waterproof and highly breathable with GORE-TEX® Extended, leg height 18 cm, antistatic, sole 016

**Lieferbare Größen UK 4½ – 12, Übergrößen 13/14**

214012

HAIX® Climate System

Smooth running lacing elements

## Upper Material

Waterproof leather, hydrophobic, breathable 2.5 – 2.7 mm thick

## Inner Lining

GORE-TEX® Extended; waterproof and very breathable. Highly abrasion-resistant lining with excellent climate comfort. Especially for flexible interchangeable indoor and outdoor use and at warmer temperatures.

## Plastic/Non-woven sole

Moisture-absorbing, dimensionally stable, torsion-proof, avoids punctual pressure (e.g. of stones).

## Insole

Comfortable, damping and moisture wicking. Separate heel cup provides good cushioning and foot guidance.

## Sole

Rubber/PU walking sole with proven street/terrain tread, wear resistant and non-slip traction; large, bevelled contact surface and superior bending comfort. Fuel-Oil resistance and non-marking characteristics. Heat and cold resistant. Compliant with EN ISO 20347:2012.

## HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

## Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

## Others

Lacing system with smooth-running lacing elements, very good heat and cold insulation, pulling strap, manually applied rubber sidewall on the front and back of the boot for a better durability, black sole, antistatic.
